From:
FILE 5, UTILITY LITIGATION WITH DOE

Utilities that are in litigation with the Department over matters relating to the Standard Contract are not eligible to compete as a prime Contractor under this RFP. The proposal should address how the offeror intend to mitigate any Organizational Conflicts of Interest problems to ensure, among other things, that information obtained in performing the contract would not be used for any other purposes, such as in the Standard Contract litigation. Such mitigation could include the creation of a separate corporate entity to perform the contract or a comparable mechanism to insure separation between the group or segment involved in contract performance and any other entities. In any event, OCI issues would be addressed on a case-by-case basis, taking into account the conflict involved and whether or not the proposed mitigation plan adequately addresses the potential problems posed by the conflict.
